REAL RESULTS.

I completed the career acceleration program after I was made redundant. I was slightly sceptical at the beginning, as I couldn't see how a six week program would grow my confidence and assist in obtaining a job. The presentations by Kate are straight forward, easy to understand and very insightful. Together with the coaching sessions, I rediscovered my passions and regained my confidence. I was offered a new job two weeks after completing the course. I would definitely recommend this program and I am grateful for all the support provided by the team.

Dear Zofia
I wanted to say my sincere thanks to yourself and the KLCC team. I have recently been offered and accepted my ideal industry role with a leading integrated services provider which manages and stores company's data safely and securely, working my way through the company, starting at the bottom. I have been trying to obtain an offer for such a long period of time, to obtain my ideal industry role, is such an unexpected opportunity for me. Thank you again for your help, support and guidance.

The team provide first class service. I sent my updated resume and cover letter for a job application, invited to interview and was offered a position. I consider this an investment in myself and my career, which certainly paid dividends. If you want success, reach out to Kate and the team, I'm sure you won't be disappointed.
